

Nominee/ Teacher: Ms Seet

The teacher is very observant. She notices that my son, Reuben, has lazy eyes and immediately alerted me. It shows that she pays attention to the well-being of the children under her care. There was another occasion when my son, Reuben, was upset over an event which he was in the wrong. Hence, Reuben refused to go to school/ enter class on Monday (when the event happened on the week before Friday). Ms Seet came to coax Reuben into class and she did not dismiss Reuben's behaviour as just being naughty. She took the time and effort to recall back what happened while Reuben refused to talk. Then she explained it to Reuben on why he was not correct. She also told me about it. I was really touched by the fact that Ms Seet made the effort to try to help Reuben to be appeased because he is a rather stubborn boy. She also made use of the situation as a learning point for Reuben. She has really won the respect of Reuben and me. And Reuben really enjoys her lesson very much. We are very thankful to her for her love and care for Peace 1 children. Thanks God for Ms Seet!

Nominated by: Annie Ong
(Mother of Reuben Ong)
