

Nominee/ Teacher: Ms Kwan

Ms Kwan is a patient, approachable and caring teacher. My son, Malrique, likes her a lot. He feels happy and comfortable with her. She has noticed my son's sensitivity and feedback to us.

Also on one occasion, my son was not happy to go to school, he told us that he has no friends and they did not like him. I spoke to Ms Kwan about this issue and she offered help by explaining to my son. She continues to monitor the situation.
