

Nominee/ Teacher: 柯老师

柯老师 has been very caring towards my 2 children, Edward and Edwin. It is especially pleasant when she updates me my 2 children's progress during the 'meet-the-parent' sessions as I do not usually communicate with her using the school notebook.

柯老师 has been especially patient with my 2 children too. Through the conversations with her during the 'meet-the-parent' sessions, I feel assured that both my kids are in a secured learning environment.
